POLL OF SENATE ON **COPORATION TAX**

House Leaders, Including Speaker Cannon and Rep. Payne, Assure President House Favors It.

of Schator Addrich tomorow and will be communicated to the president. It appears that the finance committee members were justified in assuring the president as they did last night in the measure would be adopted. Representative John Dwight of New York, the Republican whip, promised senate leaders today that if the senate incorporates the corporation tax plan in the tariff bill, the amendment will be retained by the house.

The fact that Republican house leaders, including Speaker Cannon and Representative Payne, assured the president that the corporation tax amendment would meet with favor in the house is said to preclude the possibility of defeat there.

Atty-Gen. Wickersham and Senator Reot determined today that the measure should be made "amendment proof" before offered to the senate. It is the intention of the senate leaders to resist any amendment that may be offered.
